

Snowman Quilt

BCQG Block of the Month

September 2015 – Completing the Quilt

This is the last set of instructions for the Snowman Quilt.

These instructions are a recommendation of how you may arranged your snowman blocks.

1. Once you have completed all the blocks, trim each of them to the unfinished size (this can be found on each one of the patterns).
2. Arranged the blocks referring to the pictures below.
3. Sew the blocks together with a ¼ of inch seam.
4. Add 6" borders (bigger or smaller is fine), as you may notice, one of the makers of the quilts showing in the picture chose not to add borders, the other one did. Both quilts are beautiful, it just depends on how big you want the quilt to be.
5. Add Backing, batting, and quilt your wish. Last, don't forget to add a label.
6. Please bring your finished snowman quilt to the Guild Meeting in November.

Quilt without Borders

Quilt with Borders

On behalf of the Bobbin Babes Friendship Group, thank you for your participation in this year's Block of the Month. We had a lot of fun designing the blocks and sharing them with each one of you. We hope that you had as much fun as we did.
